6. What have paleontologists learned from studying the fossilized feathers in the article?
 - d. Dinosaurs once lived in the subzero temperatures and deep snow of Antarctica.
 - i. Some dinosaurs had feathers for warmth rather than for flying.
 - t. All dinosaurs once could fly.
 - s. all of the above

Fill in the letters to the correct answers above to solve this puzzler:

This type of bird, common in Colorado and in Europe and Asia, can be taught to talk, although it is not legal to keep them here as pets.

4 5 2 3 6 1

What do you think?

Many people say Prince Harry should stay in the Royal Family because he was born to be a prince. Others agree with him that he and his wife have a right to decide in favor of making their family happy. Imagine that you are either Harry or Meghan. What would you do? Write a brief essay explaining your choice.

Proofreading:

There are five errors in this passage. Can you find them all? Correct each mistake in the space above it.

She will preform a magick trick; but when her rabbit, Pancake's, goes missing she make's sure the entire hottel knows.

Summarize the story:

Use three sentences to tell about the Orchid Showcase.

1.

2.

3.

Look it up!

For each of these feathered creatures, tell if they are alive or extinct and whether or not they could fly. We've done the first one for you.
