Talking Points

1. How do these European cartoonists portray the problems facing President Donald Trump as he began his first foreign trip as president?
2. What do you think of Trump's claims that he has been treated worse than any other politician in history and that he is a victim of history's greatest witch hunt?
3. Are the president's problems the result of his own actions or unfair treatment by others?
4. What does the term "Banana Republic" mean and where did it originate?

Between the lines

"Look at the way I've been treated lately, especially by the media. No politician in history - and I say this with great surety - has been treated worse or more unfairly. - President Trump.
