TEACHER WORKSHOP THE ECONOMICS (AND PHYSICS) OF FUN

Presented by the Gus A. Stavros Center for Free Enterprise and Economic Education at the University of South Florida, Busch Gardens Tampa Bay and the Tampa Bay Times Newspaper in Education program

Based on the *Coasters 101* curriculum created by the Tampa Bay Times Newspaper in Education program and Busch Gardens Tampa Bay, this workshop will provide lesson ideas on using the texts to meet the Florida Standards for Literacy and the NGSSS Benchmarks in Economics and Science. Texts included in the workshop are suitable for grades 6 – 12.
